

# Guess the Dinosaurs

Each page contains a wordle describing facts about dinosaurs. Try to guess which dinosaur it is from the facts given.

## Answer key

1. Diplodocus
2. Spinosaurus
3. Ceratosaurus
4. Brachiosaurus
5. Albertosaurus
6. Triceratops
7. Tyrannosaurus Rex
8. Allosaurus

1.

**Longest known dinosaur**  
12 tons North America  
**Sauropoda** small brain  
long neck  
**tiny head** 88 feet  
double beamed lizard  
Jurassic Period  
herbivores

2.

Saurischia  
Spine lizard  
59 feet  
powerful jaws  
carnivore  
20 tons  
spines  
Cretaceous period  
meat eater  
Biggest  
straight teeth  
North Africa

3.

A word cloud of facts about the horned lizard. The words are arranged in a circular pattern around the central text 'horned lizard'. Large nose horn  
980 kg  
20 feet  
13 feet  
Strong Jaw!  
carnivore  
Colorado  
fish eater  
Late Jurassic Period  
theropoda  
Utah

4.

# Sauropod

North America

Late Jurassic Period

# herbivore

high feeder

40 tons

eats leaves

# arm reptile

85 feet

5.

# fierce

30feet  
2tons  
Canada  
Late-Cretaceous-Period  
Alberta-lizard  
Saurischia  
poor-eyesight  
19mph  
fast  
carnivorous  
USA

6.

# three horned face

two brow horns

Late Cretaceous Period

North America

neck frills

5 tons

herbivores

30 feet

7.

**fi** **car** **niv** **ore**  
**fi** **er** **ce** **n** **o** **r** **t** **a** **m** **e** **r** **i** **c** **a**  
20 mph  
8 inch teeth  
scavenger  
large brain  
Asia  
8 tons  
Australia  
40 feet  
Late Cretaceous Period  
Saurischia  
Tyrant Lizard
